Spring observation sheet

Choose one tree, shrub or other plant you can visit twice with a grown-up.

Pick a twig or small patch to draw today. Come back in about a week.

Look from the same spot and leave the plant where it grows.

My plant and how I'll find it again

First visit

Date _____ Weather _____

What can you see? Mark every one that fits.

☐ Buds ☐ New leaves ☐ Open flowers

Draw the same small part of the plant.

One detail I noticed

Return visit

Date _____ Weather _____

What can you see? Mark every one that fits.

☐ Buds ☐ New leaves ☐ Open flowers

Draw the same small part of the plant.

One detail I noticed

Compare your visits

What changed, or stayed the same?

What would you look for next time?
